

## PAGALBINĖ PRIEMONĖ MOKINIAMS

# SAKINIŲ STRUKTŪROS MIESTO VAIZDUI NUPASAKOTI

Čia pateikiamos sakinių struktūros pasakojimo pradžiai, dėstymui ir pabaigai. Žaliai parašyti sakiniai yra paprastesni, o raudonai – sudėtingesni.

## PASAKOJIMO ĮŽANGA

- Today I will describe a scene of Vilnius and its buildings.
- Today I will show you a part of the city of Vilnius and explain what we can see there.
- Today I will guide you through a small fragment of the city of Vilnius and describe what we can see there.

## DĖSTYMAS

- In the center of my scene, there is ...
- One of the most noticeable landmarks in my scene is ...
- On the right side there is ...
- Right in front of... you can see...
- Just behind... there is...
- Next to... there is/you can notice...
- To the left of... stands...
- To the right of... you can spot...
- Further down the street... there is...
- At the corner of... you will find...
- Moving slightly to the left... you can see...
- If you look a bit further... you will notice...
- Continuing along the street... there is...
- As we move forward... we come across...
- Just a little further... you can see...

## APIBENDRINIMAS

- All these buildings together show the beauty and history of Vilnius.
- Together, these buildings create a unique view that tells the story of Vilnius.
- This scene shows how history, culture, and architecture come together in Vilnius.
